

Case Study: Buffalo 7

Buffalo 7 is a specialist UK PowerPoint presentation design agency that fits perfectly around you, your brand and your audience.

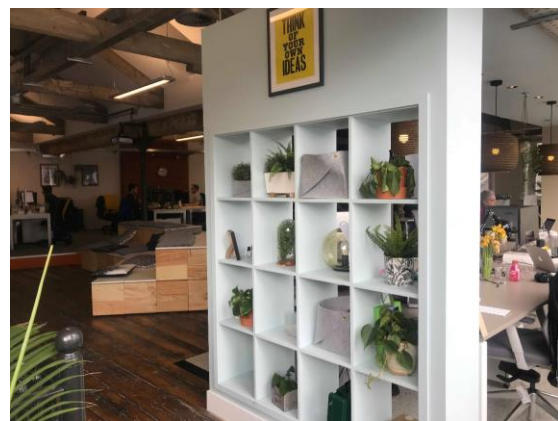

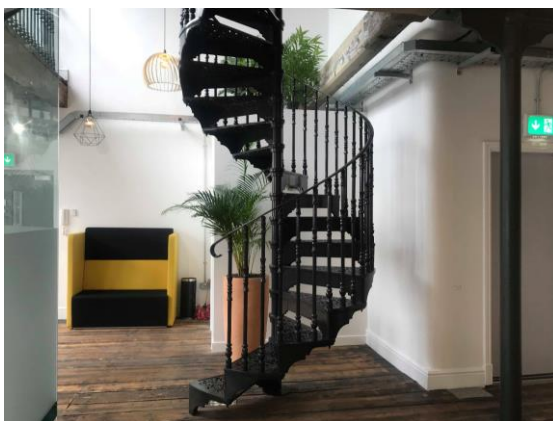

The Challenge

Based on Portland Street in Manchester and spanning over 2 floors, the plan was to deliver a visual and contemporary environment dividing open plan and remote spaces for meetings, directors and sole working.

The Brief

Working with Bruntwood's internal design team to form a modern working environment around the attractive features of the listed building on Portland Street, Manchester.

DESIGN & BUILD

Our Solution

The finished space is visually stunning with the mezzanine floor, spiral staircase and treehouse being utilised and incorporating the existing features. The presentation and audio visuals have been united within the meeting rooms, desks were placed on platforms and distributed around the office and incorporated bulkheads with feature lighting.
